

**“I beheld the earth, and, lo, it was without form, and void; and the heavens, and they had no light. I beheld the mountains, and, lo, they trembled, and all the hills moved lightly. I beheld, and, lo, there was no man, and all the birds of the heavens were fled. I beheld, and, lo, the fruitful place was a wilderness, and all the cities thereof were broken down.”**

“And I will show wonders in the heavens and in the earth, blood, and fire, and pillars of smoke.” Joel 2:30. What do super computers have to do with anything?

**“And all the cities thereof were broken down.”**

Dear SDA friends around the world,  
Greetings in Jesus’ holy name.

**Faith:** In the verse, the prophet Jeremiah saw the earth, the heavens, the mountains, the hills, the wilderness, and the cities. They were broken down, and the wicked were “taken” away in death. What’s going on?

**Hope:** And why did they blast tons of nuclear explosions in Nevada? And what do high tech fiends have to do with it? And what does it all have to do with the shortness of time?

**Pastor Jan:** Are you ready? Here we go -

The article in Discover magazine says - "On a hot August day in 1968... workers assembled the device behind steel-reinforced concrete walls in the desert, mating radioactive materials with high explosives. It was called "Kearsarge." The crew lowered it through a hole drilled thousands of feet [3,000] into the Nevada Test Site, then entombed it beneath millions of pounds of sand.

"Thirty miles away, Los Alamos Director Siegfried Hecker sat nervously in the control room. Seven top Soviet nuclear scientists watched intently. What if the bomb fizzled, Hecker thought. Then what would happen to America's nuclear deterrent? [But what if the bomb didn't fizzle? Then what would happen to the people in Nevada?]

"Officials had negotiated this Joint Verification Experiment for years. The United States and the Soviet Union had long conducted test explosions of the bigger weapons in their arsenals, both to make sure they really worked, and also as a show of force. The adversaries were willing to permanently stop blowing up the biggest bombs, but first scientists needed a way to verify violations. Each country would test its monitoring techniques on the other side's bomb. If today's nuclear test went well [this was back in 1968], it might be among the last.

**"Be ye also ready: for in such an hour as ye think not the Son of Man cometh." Matt. 24:44.**

**At the first ever atomic blast, scientists let the workers watch in the desert to see the fun. They didn't know what would happen. Maybe it would blow up the whole world! Notice their goggles to protect them from the horrors of hades! It was thought that their short pants were enough protection. When the tip of hell was let loose, words cannot describe how they felt. They were having a blast but they had no idea that soon, they'd all be dead!**

"The detonation order went out. Kearsarge exploded with **10 times more energy than Hiroshima**. [Its power was 150 kilotons. That means that it had the power of 150,000 tons of TNT. That's three hundred million pounds.] Vital signs from the bomb raced up cables as they vaporized. One hundred thousand raw data points fed into computers. The earth shook. 90 miles away in Las Vegas, lamps danced over pool tables at the Tropicana. [It reminds me of Sodom, and of "Lot's wife."]

"Hecker was relieved! Later, his Soviet counterpart congratulated him over lunch. 'The world will never be the same,' Hecker said...

"In the years that followed, the Cold War would end, and so would the days of shaking the desert."

**Charity:** But then how would America maintain its nuclear superiority without continuing to blast off nuclear bombs to see if they are working? And what about nuclear bombs that have been sitting in secret places for 40 years? How can they know whether or not they even work anymore?

**Pastor Jan:** The article tells that the scientists speculated the effects of just one 150 kiloton bomb - {which is puny compared to what they have now.}

The article says, "A nuclear blast at the Port of Long Beach - a 150 kiloton explosion - kills some 60,000 people instantly. Chaos ensues as 6 million people flee Los Angeles."

Within the first ring area near the blast, the temperature is one million degrees. Skyscrapers, homes, rocks, dirt, ocean water, cars, animals, people, trucks, etc. turn to vapor, and disappear - "Their flesh shall consume away while they stand upon their feet, and their eyes shall consume away in their holes, and their tongue shall consume away in their mouth. And it shall come to pass in that day, that a great tumult from the LORD shall be among them." Zech. 14:12,13. To burn the flesh off of people's bones before they can even fall down is the work of nuclear power.

And even before that happens, the prophet saw this - "Last Friday morning, just before I awoke, a very impressive scene was presented before me. From the windows I could behold a terrible

Dear Pastor Jan,

**Greetings from Canada! I was born and raised in the Mennonite church. God has been putting information in my path about the new world order, masonry, etc. Having prayed for wisdom to understand Bible prophecy, I was amazed when I found a copy of the book "National Sunday law" in my mailbox. About a week later, I met some Seventh-day Adventists and we had a good talk together. It is wonderful to have found in the Seventh-day Adventist church such an astute knowledge of Scripture as is found in the book, "National Sunday Law." May God bless you as you continue your very important ministry. Sincerely, Joel L.**

**Do you see all the 3,000 foot holes? They are just a few of the many, many holes from the bottom of which they blasted off atomic bombs in Nevada. After they blasted off the first one {in New Mexico} a member of President Truman's cabinet reported to him the result. It helped him to determine whether or not to drop it on Japan. He told the President, "A blind woman saw the light!"**

conflagration. Great balls of fire were falling upon houses, and from these balls fiery arrows were flying in every direction. It was impossible to check the fires that were kindled, and many places were being destroyed. The terror of the people was indescribable. After a time I awoke and found myself at home. *Evangelism*, p. 29.

Concerning the second ring outward from the blast, the article says, "Radiation poisoning kills at least half of everything within this ring."

Concerning the third ring, it says, "About 2 miles from the epicenter, many people die, and virtually all homes are leveled [by the shock wave and the hurricane-like winds.]

**Dear Pastor Marcussen,**

**A ministry in Tennessee sent me your book entitled "National Sunday Law." Here at this prison we treasure your book as much as we treasure our Bibles, and we share it with others. "National Sunday Law" contains priceless information, especially dealing with the enforcement of the mark of the beast at the Sunday law, which will be enacted soon. We take the prophecy of Revelation 13 very seriously. We are studying history unfolding in these end times as foretold in Revelation. I have a work I must do for our Lord. You are in our prayers. Maranatha! Clarence H.**

Concerning the 4<sup>th</sup> ring, it says, "Extreme heat sparks fires that can merge into a firestorm. Third-degree burns are rampant, and vegetation is charred."

Concerning the 5<sup>th</sup> ring out from the blast, the article says, "More than 6 miles away, heavy airburst gusts shatter windows." It can also blow cars and trucks into each other on the freeway, and knock people and animals to the ground. What does all this tell us about prophecy?

While the devil is causing all the damage he can, our kind Father limits his rage and won't let the fiend

drop nuclear bombs on the U.S. before the people - following their crooked preachers - go so far as to receive the mark of the beast, and try to put God's dear people to death.

**Faith:** So what did the scientists come up with to be able to keep checking the condition of the

receive \$4 to \$5 billion per year to help keep our defence program in top condition. So now, instead of building bigger bombs, the article says, "they'd take turns building the world's largest

computers, and only pretend to blow up bombs." 3) To do this, they'd need computers that could make calculations at the speed of at least one million trillion calculations per second. But in trying to make such a monster, they found that heat slowed it down. So now, what would they do? 4) According to physics textbooks, 459.15 degrees below zero is what they call, "absolute zero." At that temperature, it is said that atoms, and sub-atomic particles stop moving, and fall apart, disappear, and cease to exist. Since heat slows the computer down, how will they cool a super computer down enough for it to make one million trillion calculations per second?

**Dear Jan Marcussen!**

**My name is Danielle Riley. I read "National Sunday Law" and I have become a Seventh-day Adventist! I came out of the Baptist church, and it was such a relief to learn the truth of God. I have a burden for souls. God delivered me from suffering and drug addiction! I was in the hospital getting ready to die from an overdose of cocaine. But God stepped in and regulated my heart. He saved me because He has a job for me to do! Please send me as many NSL preachers as you can. God bless you! New Jersey**

**It looks a little like a fancy bird cage. But it's covered with pure gold. What do scientists do with it? You'll be amazed.**

nation's nuclear bombs, without having to keep blasting them off in poor Nevada? And what does the golden contraption in this picture on the right have to do with it?

**Pastor Jan:** The article says, 1) "If they couldn't blow up nuclear bombs anymore, scientists would simulate the detonations with computers. 2) It says that America has already exploded 1,000 nuclear bombs! Poor Nevada! So to stay ahead militarily, the important thing to them is to create a program based on supercomputers. The nation's top scientists in the Defence

Advanced Research Projects Agency

**Dear Sir, I have never seen anything that has explained so clearly God's word in such a plain, understandable way as "National Sunday Law." Thank you, and may God bless you all. I will be sending for more of them. Love in Christ, Anne**

This is where that gold contraption comes in. Concerning it, the article says, "IBM built this gold-plated device, called a "dilution refrigerator," to cool its 50 qubit processor to a temperature of just a fraction above absolute zero. When properly chilled, the processor can crunch massive numbers at lightning-speed and solve extraordinarily complex problems that would bog down traditional computers."

The picture on page 3 shows the great super trophy of the scientists! They call it "The Summit." Concerning it, the article says, "Oak Ridge National Laboratory unveiled its Summit supercomputer which can make 3 million trillion calculations per second."

So now the scientists are happy. They've made the world's fastest computer. Then comes the big question - "Since we now have the fastest computer - like a trophy on the mantel - what are we going to accomplish next?"

**Hope:** Will they download their brains into it - to live forever? Will they use it to keep the nation safe? Will they use it to play monopoly?

**Pastor Jan:** God's prophet said, "How few realize the wiles of the arch-deceiver! How many are **ignorant of his devices!**" 5T 426. "Satan's great success lies in keeping men ignorant of his devices." 3SM 423. That inspired quote goes against what many preachers say. Many say, "O don't teach the 3<sup>rd</sup> angel's message because it exposes the wickedness of the "man of sin" and the papacy as the beast of Rev. 13. It tells that they are going to try to put us Sabbath-keepers to death, and such a Bible message might bring on persecution!"

**Charity:** Let them leap up and down. That's just what the poor church fiends cried when God's prophet was alive, and revealed that such people who fight against God's 3<sup>rd</sup> angel's message will perish with those whom they did not try to save. Is Satan so tricky that he's fooled the masses into thinking that he is like the monster seen on page one?

**Pastor Jan:** Watch closely - "Satan in Heaven, before his rebellion, was a high and exalted angel, next in honor to God's dear Son. His countenance was mild and expressive of happiness. His forehead was high and broad, showing a powerful intellect. His form was perfect; his bearing noble and majestic. A special

light beamed in his countenance, and shone around him brighter and more beautiful than around the other angels; yet Jesus, God's dear Son, had the pre-eminence over all the angelic host... Satan was envious of Christ, and gradually assumed command which devolved on Christ **alone**. [Most people don't know that Jesus is so meek and lowly that He let Lucifer "assume command." [The fiend is hungry for power.] Even 4000 years later, the "meek and lowly" Jesus permitted Satan to actually **pick Him up** and fly through the air with him in his arms! {Matt. 4:5-10} Would you enjoy that? In that position, the head of Satan and the head of Jesus were just inches from each other.

Even before the earth was made, here's what our kind Father did to remedy the situation - "The great Creator

assembled the heavenly host, that he might in the presence of all the angels confer special honor upon his Son. The Son was seated on the throne with the Father, and the heavenly throng of holy angels was gathered around them. The Father then made known that it was ordained by himself that Christ, his Son, should be equal with himself; so that wherever was the presence of his Son, it was as his own presence. [Jesus said, "I and my Father are one." John 10:30.] The word of the Son was to be obeyed as readily as the word of the Father. Especially was his Son to work in union with himself in the creation of the earth and every living thing that should exist upon the earth...

"Satan left the immediate presence of the Father, filled with envy against Jesus Christ... [He called a big meeting] and introduced his subject, which was **himself**. As one aggrieved, he related the preference God had given Jesus to the neglect of himself. He told them that never would he again bow down to Christ. He would be the commander of all who would submit to follow him... **There was contention among the angels...**

*Vennita's Creed: "There is a beauty and force in the truth that nothing can make so apparent as opposition and persecution." Mar. 15; 3-27-1896*

Dear A. Jan Marcussen,  
I read your book "National Sunday Law" about a week ago and I've thought of it continuously. It completely blew me away and made me examine God's word in a new light. It's so refreshing for someone to come out with the complete truth. Your work is going to make a difference in th world. May God help us all to do more to reach the people with His message! E.C.

Dear Jan Marcussen,  
My wife Judy, found your book "National Sunday Law" and brought it home and gave it to me. I suspect that God had someone drop it off just so that I would get it. I read the whole book tonight, and I agree with you 100%. I hope that "National Sunday Law" will become the world's most read book. Sincerely, B.C.

Dear Pastor A.J. Marcussen,  
Grace and peace to you from our Lord Jesus Christ. I studied your book "National Sunday Law," and was amazed at the quality of information in the book, and your boldness in presenting biblical truths that have eluded the world over the years. I studied the Bible, and read other history books in our library to verify the information you presented. The question of when to observe the Lord's Sabbath has always troubled my soul. Your exposition from the Bible is very enlightening. Your book has made the truth of God very clear. Occultism, cults of Christianity, witchcraft, and wizardry, are taking the best of the people. May God Almighty bless you for the good work you are rendering to humanity. Your son in Christ, Charles P.

**“The angels wept.** Satan refused to listen. And then he turned from the loyal angels, denouncing them as deluded slaves. These angels, true to God, stood in amazement as they saw that Satan was successful in his effort to excite rebellion. [He is doing the same thing now. But those who are fooled into getting on Satan’s side don’t realize that it will lead both them and the devil to hell fire; to ashes; to eternal death - forgotten forever as if they’d never been born. “And they shall be as though they had not been.” Obadiah 16.]

“All the heavenly host were summoned to appear before the Father, to have each case determined. Satan **unblushingly** made known his dissatisfaction that Christ should be preferred before him. Then Satan exultingly pointed to his sympathizers, comprising nearly one half of all the angels, and exclaimed, **These are with me!** Will you expel these also, and make such a void in Heaven?

“Good angels wept to hear the words of Satan, and his exulting boasts. God declared that the rebellious should remain in Heaven no longer. Their high and happy state had been held upon condition of obedience to the law which God had given to govern the high order of intelligences...[When you see angry factions of the “liberal” fiends talking against good laws and promoting violence you’ll be looking at part of Satan’s army.

“And **there was war in heaven:** Michael and his angels fought against the dragon; and the dragon fought and his angels, And prevailed not; neither was their place found any more in heaven.” Rev. 12:7,8. [Dear Jesus said, “I beheld Satan as lightning fall from heaven.” Luke 10:18.] All the heavenly host acknowledged and adored the God of justice. Not a taint of rebellion was left in Heaven.

Dear Pastor Jan,  
I was given the book “National Sunday Law,” and I immediately stopped keeping Sunday. Two months later I became a Seventh-day Adventist. I’m so happy!

I recently got 2000 of the little NSL preachers. My life has changed! I so much enjoy studying God’s word and keeping His Sabbath. I pray that these books will be used by God to help save many others! May the Lord richly bless you in his service. In God’s love. H.P.

“Angels in Heaven mourned the fate of those who had been their companions in happiness and bliss. Their loss was felt in Heaven.

“Satan stood in amazement at his new condition. His happiness was **gone**. He looked upon the angels who, with him, were once so happy, but who had been expelled from Heaven with him... Now all seemed changed... Strife and discord were among them. Satan now beholds the terrible results of his rebellion. **He shuddered**, and feared to face the future... **Where was he? Was it not all a horrible dream? Was he shut out of Heaven? Were the gates of Heaven never more to open and admit him?** Could he be again as he was when he was pure, true and loyal, gladly would he yield up the claims of his authority. But **he was lost!** beyond

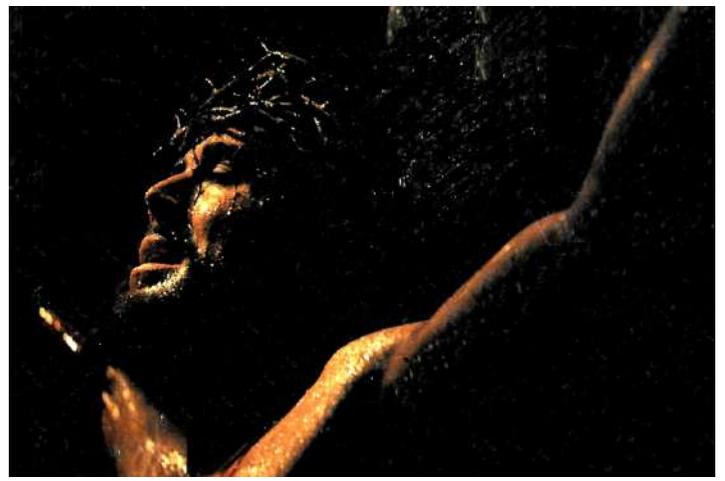

redemption... And this was not all; he had led others to rebellion and to the same lost condition with himself...

**“Satan trembled** as he viewed his work... **His mighty frame shook** as with a tempest. An angel from Heaven was passing. He called him, and entreated an interview with Christ. This was granted him. **[Wonderful Jesus!** Now as they quietly talk together Satan has no clue that one day he and his slaves will beat dear Jesus with whips, spit in His face, torture him with giant thorns pressed onto His head, and murder Him on a wooden cross! He then related to the Son of God that he was willing to take the place God had previously assigned him, and be under his wise command. **‘Jesus wept.’** Christ wept at Satan’s

Dear Pastor Jan, I had studied the Bible and I didn’t want to accept the Sabbath. The book “National Sunday Law” was the single most convincing factor that led me back to the Bible for more study and eventually my conversion to be a Seventh-day Adventist. Praise God! H.G.C.

woe, but told him, as the mind of God, that he could never be received into Heaven. All Heaven would be marred should he be received back... When Satan became fully convinced that there was no possibility of his being re-instated in the favor of God, he manifested his malice with increased hatred and fiery vehemence. [“Satan raged like a chained lion.” GC 514] Satan would invent means to annoy the heavenly angels, and would seek to destroy the happiness of Adam and Eve...

“Even when he was cast out of heaven, Infinite Wisdom did not destroy Satan... Had he been immediately blotted out of existence, some would have served God from fear rather than from love... For

the good of the entire universe Satan must more fully develop his principles [of death]...

“Sorrow filled heaven as it was realized that man was lost and that the world which God had created was to be filled with mortals doomed to misery, sickness, and death,.. **The whole family of Adam must die.** I then saw the lovely Jesus and beheld an expression of sympathy and sorrow upon His countenance. Soon I saw Him approach the exceeding bright light which enshrouded the Father. Said my accompanying angel, ‘He is in close converse with His Father.’ The anxiety of the angels seemed to be intense... The third time He came from the Father we could see His person. His countenance was calm, free from all perplexity and trouble, and shone with a loveliness which words cannot

describe. He then made known to the angelic choir that a way of escape had been made for lost man; that He had been pleading with His Father, and had obtained

permission to give His own life as a ransom for the race, to bear their sins, and take the sentence of death upon Himself, thus opening a way whereby they might, through the merits of His blood, find pardon for past transgressions, and by obedience be brought back to the garden from which they were driven...

“Then joy, **inexpressible joy**, filled heaven, [**Praise God!**] and the heavenly choir sang a song of praise and adoration. They touched their harps and sang a note higher than they had done before... because of the great mercy and condescension of God in yielding up His dearly Beloved to die for a race of rebels.” EW 126,127.

**Dear Pastor Marcussen,  
You don't know me but one day while going into a Walmart I saw the book "National Sunday Law" and paid no mind to it. On my way out, there it is again. I took it and read it. I read the whole thing and could not believe my eyes!!! I was amazed! After reading your book, now I know the Bible truth, that Saturday, the 7<sup>th</sup> day is God's Sabbath. I guess you could say that an angel led me to your book and to Jesus. I would like to help get these books out to the people! I have given up everything for our Lord Jesus. Your friend in Christ, Mike.**
