The Titanic was the largest ship ever! It was as long as 3 football fields end to end. The "floating city" was 92 feet wide, 175 feet tall, and could hold 3,327 people. With 29 boilers running 2 giant engines, the beast put out 46,000 horsepower to push the monster through the waves at nearly 30 mph. But what would happen if you put 3/4 of that massive power into one little truck? What kind of blast would the trembling soul inside the fiery tomb experience when he "gave it the gas?" In this letter, you're going to see signs of Christ's soon coming, and learn things that you never dreamed of.

**he spake as a dragon...
And he had power to give
life unto the image of the
beast, that the image of the beast should
both speak, and cause that as many as would
not worship the image of the beast should be
killed. And he causeth all, both small and
great, rich and poor, free
and bond, to receive a
mark in their right hand,
or in their foreheads: And
that no man might buy or
sell, save he that had the
mark, or the name of the
beast, or the number of
his name."**

The Vatican condemns masons and liberals. That's because they're masons and liberals themselves. They have masonic lodges in the Vatican. How long will it take before they can trick the poor liberals into being excited about killing God's faithful people as recorded in Rev. 13:15? Mark will give us a hint -

Mark Dice: This is a petition supporting a mandatory euthanasia program to kill senior citizens, and anyone who is terminally ill. It will "put them to sleep" like animals.

Liberal: If I sign this am I helping to kill the old people?

Mark Dice: Yeah, you're going to put them down just like you put down a dog.

Liberal: Yeah, I'll sign it.

Mark Dice: It will save our tax dollars on health care.

Pastor Jan: It was signed by many of the poor fiends who are controlled by demons.

Dear SDA friends around the world,
Greetings in Jesus' holy name.

Faith: The quote says, "and he spake as a dragon." And he would "cause that as many as would not worship the image of the beast should be killed." Have the brains of the poor liberals sunk down toward the level of animals so they would put people to death even now? From Mark's interviews, we see that the answer is "yes." Liberals are already being used by Rome to help repudiate the Constitution so that the papacy can use conservatives to bring in good religious laws to remedy the chaos in society. Is that one way the devil is preparing society for the enforcement of the mark of the beast? And how will it affect us?

Pastor Jan: Are you ready? Here we go -

Hope: What happened to the flaming truck god on page one that has so many thousands of horsepower?

Pastor Jan: The thing blew up in a fiery abyss, and the mighty mouse roasted in the overwhelming blast until it's flaming carcass withered into a pile of junk.

But a former issue of Popular Mechanics tells about another car god that has 8,000 horsepower. It reveals that David Grubnic stepped on the gas, and in the first ½ second, he was going 73.89 mph. In the next ½ second, he was going 113.82 mph. In the next ½ second, the clutch had already moved through three of its five stages, and he's going 162.45 mph. In the next ½ second he's going 213.09 mph. In the next ½ second, you're going 248.5 mph and you're being thrown back into your seat with the force of 5 G's. You've only gone 2½ seconds, and already the clutch plates have reached 1000 degrees from the friction, and some of them have welded together. The spark plugs have burned out, but the heat and pressure are so great that the fuel is exploding without any spark plugs, and you're going 271.62 mph. In the next ½ second, the crankshaft bearings have melted, the valve springs have been destroyed, and the whole thing is about to blow up, but the seething volcano inside the mighty engine is so hot that you're raging over the shaking earth

Mark Dice: You probably heard on the news that President John F. Kennedy just died this morning after being hit by a car while crossing the street in Washington DC.

Liberal: It's unfortunate, but sometimes these things happen. You can't live forever.

Mark: Him getting killed by a car will probably lead to some new safety legislation. Pedestrian rights maybe.

Liberal: Yeah.

Mark Dice: One of Hillary's campaign promises is that she has vowed to repeal the Bill of Rights to help with the new world order. Do you think it's time that we get rid of the Bill of Rights?

Liberal: I think it is! I think we need change which they've been promising us for so many years.

Mark: The Bill of Rights is outdated now?

Liberal: We can't have old rules now. We live in a different world. I support it. I support it! I sure do!

power to tread on serpents and scorpions, and over all the power of the enemy: and nothing shall by any means hurt you. [Praise God!] Notwithstanding in this rejoice not that the spirits are subject unto you; but rather rejoice because your names are written in heaven. In that hour Jesus rejoiced in spirit, and said, I thank thee, O Father, Lord of heaven and earth, that thou hast hid these things from the wise and prudent, and hast revealed them unto babes: even so, Father; for so it seemed good in thy sight." Luke 10:18-21.

David Grubnic was going 321.58 mph. Satan flies faster than the speed of light - which, in one second, can go 8

Mark: Do you think it's time to go with the progressive agenda to repeal the Bill of Rights?

Liberal: I do agree with repealing the Bill of Rights. The Bill of Rights is unjust. That's my honest opinion.

at more than 293 mph like an exploding inferno of demons. You've only gone for 3 seconds, but you're still being mashed against the seat with 4 G's as your trembling body is stiff with fright and you're streaking across the earth at 321.58 mph.

All you can hear is the deafening roar. All you can see is a blur as your vibrating head tries to avoid the fiery abyss. The course is just 1000 feet long, and going 500 feet per second, David knows that in just one second more, the raging volcano will explode into a gigantic ball of flame, and his charred body will be found somewhere far away in the smoking wreckage. {It happened to a driver who went for just 1 second more.} So he lets off the gas, deploys the parachute, and eventually, the mighty machine comes to a stop. Though much of the engine is destroyed, David has set a world speed record - typifying the power of the gods of the last days.

Charity: What could be better than being the fastest man on earth?

Pastor Jan: The fastest? - "And he said unto them, I beheld Satan as lightning fall from heaven. Behold, I give unto you

Mark: Do you think we should get behind this effort to repeal the Bill of Rights? Do you think it's a good idea?

Liberal: I do! Yes. I think it's a good idea! Let everyone do their own thing!

times around the world. But the fiend doesn't care much about how fast he can go. He's intent on taking over the brains of the ignorant masses to lead them on to joyfully get rid of the Bill of Rights and the Constitution in preparation for the enforcement of the mark of the beast at the Sunday law; the close of probation; the seven last plagues; and the death of the wicked at the coming of Jesus in the sky. He wants them all to be lost like he is.

Meanwhile, our kind Father is giving the dear people warnings of the end. He's trying to wake up their sleeping brains to cry out to Jesus to save them from sin and death before they've crossed over the line. "There is a line by us unseen that crosses every path. The hidden boundary between God's patience and his wrath." Watch closely -

The prophet of God said, “A day of great intellectual darkness has been shown to be favorable to the success of popery. It will yet be demonstrated that a day of great intellectual light is equally favorable for its success.” SP 390.

“The world is filled with storm and war and variance. Yet under one head—the papal power—the people will unite to oppose God in the person of His witnesses. This union is cemented by the great apostate.” 7T 182.

“May the Lord give no rest, day nor night, to those who are now careless and indolent in the cause and work of God. The end is near. This is that which Jesus would have us keep ever before us — **the shortness of time.**” LDE 42.

Have you ever seen or heard anyone teaching God’s people how to give His 3rd angel’s message as well as the other two? That 3rd message lovingly warns the world against venerating Rome; against Sunday worship - the “mark” of Rome - and against worshipping the god man of Rome. Those who reject that warning of love will receive the mark of the beast, the 7 last plaques, and the fire of hell.

One of Hillary’s campaign promises is that she will give an executive order for stores to close on Sundays so people can go to church, be with their families, and do their own thing. To help encourage the populace, you will be able to go online and ask for a \$40 food voucher and a \$100 tax deduction from North Korea. Would you go along with such a nation-wide Sunday law?
Liberal: Sure!
Liberal: Why not?
Liberal: Cool.
Liberal: I’m for it as long as I can get something out of it.

waiting for the pastor to tell us to meet him after the **potluck** and he would teach us how to get God’s last message to the world. If God hadn’t answered my prayer what to do, I might still be sitting there with spider webs on me. So what did we do after the potluck? We ate, had a nice time, went home, and went to bed. “In a special sense Seventh-day Adventists have been set in the world as watchmen and light bearers. To them has been entrusted the last warning for a perishing world. On them is shining wonderful light from the Word of God. They have been given a work of the most solemn import—the proclamation of the **first, second, and third** angels’ messages. There is no other work of so great importance. They are to allow nothing else to absorb their attention.” 9T 19.

As we see so many in ignorance on their way to hell, I’m so

Dear Sir,
I could never really understand Revelation, until now! I just wanted to write to you because I’m captivated by your book “National Sunday Law.” I used to honor Sundays until Herold Goodman gave me your book. Since then I’ve been keeping God’s seventh day Sabbath holy, and attending the Seventh-day Adventist church. I can tell that you really know the book of Revelation. I want to serve God and not man from now on! Thank you so much! Shawn California

Dear Sirs,
I am the Pastor of a small church. We would love to know if the book “National Sunday Law” is still in print. We found a copy at a yard sale, and we are encouraged since the Sunday issue has bothered us for a long time. I feel that we are responsible to both know and teach the truth. May the Lord guide us by His Holy Spirit to return to Him with our whole heart. God bless you. Pastor G.P.

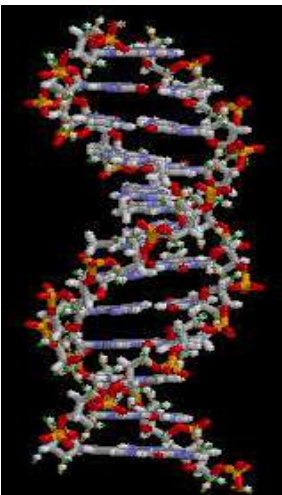

Condition #1 - Allow Pastor Jan to pay for the shipping instead of you.
Hope: You realize don't you, that Pastor Jan is not a business man, right?

Pastor Jan: Let the devil leap up and down!

Condition #2 - When the NSL preachers come to you, usually by UPS, you'll have a place to put the 20 boxes where they won't get wet or damaged.

Condition #3 is for you to try to have 2 or more of your friends to help you give them out on door steps, benches, rest rooms, parking lots, and places where people sit, walk, wait, or go. If it's on a parking lot, it's best for the little preachers to be scattered and placed face down on the pavement under the driver's door handle, and scattered so no one will see anyone's NSL except his own. That way, he will be special, and it will not be viewed as junk mail.

Condition #4 - Concerning walking up to people and handing it to them, it's best to hand it to the person after getting acquainted with him/her long enough so that you both feel comfortable talking with each other. This is so they won't get the impression that you are some religious fiend trying to push something on them. An example is that while standing in line, you drop something and a person picks it up for you; or you pick it up for them. Then you could hand him the NSL and say - "Thank you so much. And this is for you. A friend of mine wrote it. It has 51 million in print." Then they will thank you.

Faith: How will the work of God get finished? The Bible says that "He will finish the work, and cut it short in righteousness: because a short work will the Lord make upon the earth." Romans 9:28. That will take infinite power. How powerful is God?

Pastor Jan: To get a little taste of it, we'll zoom in on the tip of your finger with an infinitely powerful microscope.

The end of your finger keeps looking bigger until it looks like it's as big as the earth. Now we see the individual cells. We pick one of the billions of cells and we zoom in on that one.

In we go! Now we're inside the cell. What do you see? There's a lot of things going on in there. Smaller and smaller we zoom until we can penetrate the wall of the nucleus. Inside the nucleus, we see a great sight! There, before our astonished eyes is the double helix of the awesome DNA molecule. It's majestic! It is "**Deoxyribonucleic acid.**" It determines what you look like and quite a bit about who you are. If you get injured the DNA molecule will work to heal it.

The March, 2013 issue of National Geographic reveals that the brain generates about 12 watts of electricity. Our whole body runs on electricity - which is simply the movement of

Dear Jan Marcussen,
I just finished reading your book "National Sunday Law." Thank you for opening my eyes to the facts that were hidden from me by my "Church." My wife and I are Roman Catholics. I received a catechism as a graduation gift, but didn't read it until I finished reading your book. What a shock! I was shocked at the material in the catechism that did not align with scripture!!! For years I bought into the lies about Sunday and other pagan traditions. After I finished your book I had the blinders taken off my eyes! I am now accountable to the Almighty!
Sincerely, Daniel

Vatican Works To Stop Sunday Shopping

The Huffington Post

VATICAN CITY (RNS) The Roman Catholic Church, trade unions, and small business associations, have joined forces in a bid to save Sundays.

In a bid to spur economic growth, outgoing Italian Prime Minister Mario Monti backed a new law that allows shops to stay open on the Sabbath. [Sunday]

But Sunday traditions are strong in the nation, and the change provoked strong resistance from religious and secular groups.

Last month, an Italian shop owners association and the country's Catholic bishops' conference launched a campaign to "free up Sundays." They aim to gather the 50,000 signatures needed to try to repeal the liberalizing shop law. The issue extends beyond Italy. In Brussels, dozens of religious groups -- including the Catholic Church -- unions, and business associations from 27 countries, have formed the "European Sunday Alliance" to lobby the European Union to keep Sunday as a continent wide day of rest.

As time gets shorter, we'll see more articles like this

Dear Pastor Jan,
I just got word from my Bible worker in El Salvador that because of reading the "National Sunday Law" books that we sent there in Spanish, a church of 70 people has switched, and are now keeping God's true Sabbath holy [Praise the Lord!] He wants more little preachers, so they are now on their way! What a wonderful God we have! R.M.

electrons. They are one of the many sub-atomic particles in the atom. They are flying around in their orbit at the speed of light - going so fast that they look like a blur.

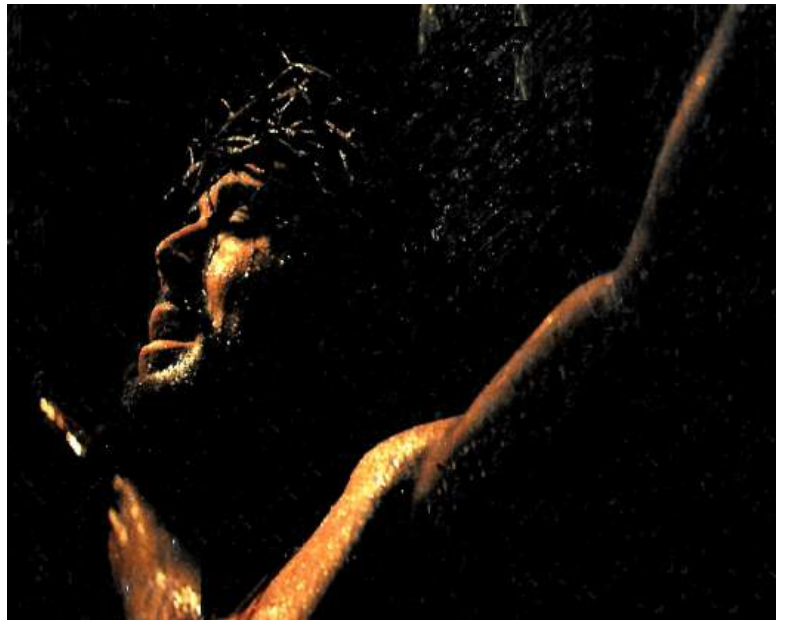

The DNA molecule contains many carbon atoms, and we now zoom in on one of them. It has six electrons flying around its center. It's like a tiny solar system. In fact, everything except where God lives is revolving around a center. Everything in our solar system is going around the sun. And our Milky Way galaxy is encircling the throne of God. Here it is - "With undimmed vision they gaze upon the glory of creation - **suns and stars and systems, all in their appointed order circling the throne of Deity.** Upon all things, from the least to the greatest, the Creator's name is written, and in all are the riches of His power displayed." GC 678.

In the nucleus of the atom, sub-atomic particles are like

revolving planets. A few of them are – protons, neutrons, positrons, leptons, muons, taus, and then there are the neutrinos. They all move at the speed of light. And then there are the baryons flying around. And there are the quarks, and the mesons, and the pions, and the kaons, and the fermions, and the bosons, and the photons. They all have functions and God guides them all.

Yes! Our kind Father is strong enough to save you and me from sin and eternal death. He knows every thought everyone in the universe has ever thought and ever will think. The great **“I AM”** never had any beginning, but **“always was.”** Can you understand that? Knowing what we will think, and will say, and will do forever, He says to us - **“Son, be of good cheer; thy sins be forgiven thee.”** Matt. 9:2. **Praise God!**

God has no problems. All who refuse to receive so “great salvation” - will have a problem in the fire with their puny leader.

“Hope thou in God, for on Calvary's cross a complete sacrifice was offered for you... Eternal joy - a life of undimmed happiness - awaits the one who surrenders all to Christ.” HP 262.

“When at the foot of the cross the sinner looks up to the One who died to save him, he may rejoice with fulness of joy; for his sins are pardoned.” SD 222. Praise God friend! **Praise God!**

Vermitt's Corner: "Everyone who by faith obeys God's commandments, will reach the condition of sinlessness in which Adam lived before his transgression." Mar 224.

God sees the happy day when His work will be finished. He sees His **queen** climbing or flying up and sitting beside the “Almighty, Eternal God.” There you are! **“To him that overcometh** will I grant to sit with me **in my throne**, even as I

also overcame, and am set down with my Father in his throne.” Rev. 3:21,22.

Charity: I’ve never thought of God’s church sitting in His throne as His **queen!**

Pastor Jan: “Thou shalt see greater things than these.” John 1:50. He has been working for 6000 years to produce His queen, and the devil has been fighting to prevent it. She is a costly bride. She cost Him much suffering so that He actually “tasted” the overwhelming horrors of hell death. Satan is “that old serpent, called the Devil, and Satan.” Rev. 12:9. Jesus also had to become the snake on the pole that Moses set up. He had to turn into **sin**. “For he hath **made him to be sin** for us, who knew no sin; that **we** might be made the righteousness of God in him.” II Cor. 5:21. **Wonderful Jesus!**

Dear Jan Marcussen,
Thank God for your book “National Sunday Law.” Thank God for making it so easy to understand. Now my eyes are opened to the truth. I am going to get more to give out to people so they can learn the truth of God too. Thank you Jesus!! I’m interested in your religion. I want to worship God on His true Sabbath day. I want to keep all the commandments of God. Thank you so much, and may God bless you to get this book “National Sunday Law” out to the people of this world before it’s too late! Keep going! God bless! Tammie T.

When will God’s queen {Zion = Jerusalem} be fit to sit next to Him in His throne as His queen?

When she has no spot or wrinkle. How long will that take? What will we go through to have no spot? Whatever you go through, it’s guaranteed that you’ll be far happier than the doomed billions who choose to follow the devil and “neglect so great salvation.” Heb. 2:3.

When you are sitting in God’s throne you’ll look around. **What will you see? How will you feel then? You’ll know that “Heaven is cheap enough.”** Praise God!

Dear Pastor Jan,
I cannot find words. Jesus is working wonderful miracles through the book “National Sunday Law.” The spiritually dead are coming alive. The spiritually blind are seeing. And many are waking up from a stupor. I want to do something for Christ, who died in our place. I want the joy of seeing people turning to Jesus for help and salvation. I’m planning on getting many more “National Sunday Law” preachers. I’m going to get them into the people’s hands. Sincerely,
Edwin G. Jamaica

“How often the disciples’ experience is ours! When the tempests of temptation gather, and the fierce lightnings flash, and the waves sweep over

Dear Sirs;
I'm really glad that you sent me the book "National Sunday Law!" It is just what I needed to help me see clearly how all these things take place. I could not put it down! I just had to go to the end. I wish this book was a textbook for the schools. This book is a must read for all who need to know what is about to happen! You can be sure that I will pass them on! When the enforcement of the Sunday law goes out, many will go along with it. NOT ME! I'll be ordering these books so I can reach people with God's message Thank you again,
